

*The National Junior Honor Society needs your help!*

*TerraCycle* is an organization focused on reusing plastic packaging waste that is not recycled by turning it into a raw material that can be used in plastic products, including playgrounds, bike racks, and park benches.

*Donate* caps for a good cause!

*Students* can deposit these caps in containers that will be placed in their classrooms and in the cafeteria. This collection will continue until Friday, April 8th, so make sure to save your bottle caps.

Whichever class collects the most caps will win a free *ice cream treat!*
